

BENEFITS:

- Lasts longer in everyday devices
- Dependable performance

APPLICATIONS BEST FOR:

OTHER DETAILS:

- Mercury Free Alkaline Manganese chemistry
- Cylindrical cell type
- Average weight: 9g

TYPICAL SERVICE LIFE:

| Discharge Resistance | Discharge Condition | End Point Voltage | Service Life |
|----------------------|---------------------|-------------------|--------------|
| 20 Ohms | 24 Hrs/Day | 0.9V | 12 Hrs |

- GP Super Alkaline Battery
- N Size
- 6 Volts

Unit : mm
